Winners & Losers: How They Reacted

"Ruben is beaming, but what's nice is that his first impulse is to pull runner-up Clay close to him. A winner typically tries to distance himself from the competition, but Ruben shares the win with his pal. Clay's stiff body says he's shocked, but his face shows he's truly happy for Ruben."

"Kelly's mouth is open unnaturally wide – she's ecstatic. She's leaning on Justin in a sexual way, tilted in toward him. It's clear they're very close. But Justin is moving away from her, trying to be the cool dude. His smile is aloof, not happy. He's disappointed." CAROLINE SCHAEFER
